Effective August 26, 2008, the 6654 NLST PR, NP, and CC forms will no longer be data entered at ACRIN Headquarters. Web programming has been completed and these forms should now be web-entered through the ACRIN website (www.acrin.org).

All site RA’s should contact ACRIN data management when they need to enter a PR, NP or CC form. Data management will place the form on the calendar for web entry.

Sites will only need to send the forms to ACRIN headquarters for revisions or clarifications.

For any questions please contact ACRIN NLST Data Management.

Thanks!
